REPORT ON SHIPPING

To the Honourable

L. P. BRODEUR,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the eighteenth List of Shipping issued by this Department. The List has been prepared from records kept in the Department and care has been taken to make it as complete and accurate as possible.

The Regulations with respect to ships' names which came into force on the 1st January, 1908, have been strictly carried out and the name of every ship registered in during the year has been submitted to this Department for approval.

Supplements to the List of Shipping were published every month and those affecting this List which have issued up to date, are bound with this volume.

The total number of vessels remaining on the Register Books of the Dominion on the 31st December, 1908, was 7602, measuring 702324 tons, being an increase of 74 vessels and 3636 tons as compared with 1907. The number of steamers on the Register Books on the same date was 3084 with a Gross Tonnage of 483031 tons. Assuming the average value to be \$30 per ton the value of the Registered Tonnage of Canada on the 31st December, 1908, would be \$21,069,720.

The number of new vessels built and registered in the Dominion of Canada during the last year was 304 measuring 28983 tons register. Estimating the value of new tonnage at \$45 per ton gives a total value of \$1,304,235 for new vessels. This shows a slight falling off as compared with last year, but the year 1908 was not remarkable for its shipbuilding activity, not as regards Canada alone, but throughout the whole Maritime world. However, despite this, the tonnage on the Register Books at the close of 1908 shows that Canada maintains her place amongst the Maritime states of the world.

During the year 281 vessels were removed from the registry and a detailed statement is given showing the cause of their removal.

RAPPORT SUR LA MARINE MARCHANDE

A l'honorable L. P. BRODEUR,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la dix-huitième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible.

Les règlements touchant les noms des vaisseaux, qui sont entrés en vigueur le premier janvier 1908, ont été rigoureusement observés, et le nom de chaque vaisseau enregistré au Canada durant l'année a été soumis à ce département pour son approbation.

Des suppléments à la liste de la Marine ont été publiés chaque mois et ceux affectant liste et qui ont été publiés jusqu'à date, sont reliés dans ce présent volume.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1908 était de 7602 d'un tonnage de 702324 tonneaux ce qui donne une augmentation de 74 vaisseaux et de 3636 tonneaux par rapport à l'année 1907. A la même date, le nombre de vapeurs figurant au registre était de 3084 d'un tonnage brut de 483031 tonneaux. En estimant la valeur moyenne du tonnage à \$30 le tonneau le tonnage enregistré au Canada au 31 décembre 1908 serait donc de \$21,069,720.

Le nombre total des navires construits et enregistrés au Canada durant l'année dernière a été de 304 d'un tonnage de 28983 tonneaux. En estimant la valeur du nouveau tonnage à \$45. le tonneau, on obtient une valeur totale de \$1,304,235 pour les nouveaux vaisseaux, chiffre sensiblement inférieur à celui de l'année dernière ; mais l'année 1908 n'a pas été remarquable pour l'activité déployée à construire de nouveaux vaisseaux, non seulement au Canada, mais dans le monde entier. Cependant, malgré cela le tonnage contenu dans les registres à la fin de l'année 1908, indique le Canada se maintenir parmi les nations maritimes du globe.

Durant l'année dernière 281 vaisseaux furent rayés des registres et un état détaillé est publié indiquant la cause de leur radiation.
